Learning Environment Mission Statement		<p>The day surgery ward encompasses a multi-skilled team of Registered Nurses & support workers, who ensure a holistic approach to care by promoting each patient right to privacy, dignity and confidentiality at all times. We work as a team and endeavour to uphold high standards of evidence-based practice at all times, in accordance with the professional codes of conduct from the NMC. We recognise that education and lifelong learning has an underpinning role in providing high standards and best practice, and we aim to share, support, and encourage learning in a multi-professional team, sharing time and resources through teaching and mentoring.</p>
