HEI's using this Learning Environment		Southampton University – Open University -	
Learning Environment Mission Statement		The ECT clinic endeavours to offer a professional service to help facilitate the recovery of those when they are at their most vulnerable. Staff that are knowledgeable, caring and approachable will involve patients and carers within their own personalised care planning and involve them with every step of their treatment plan.	

LEARNING ENVIRONMENT PROFILE

General Information	ECT clinic student pack
Description of Service and Client Group	Specialist service for the treatment of those suffering with treatment resistant severe depression or Catatonia. ECT can be a life saving treatment for those not eating or drinking due to poor mental state
Description of related services & Client group	Referrals can come from: - All 3 of the adjoining acute wards - CMHT

LEARNER INFORMATION

Work Patterns	Please see student information pack Service runs Monday – Saturday Main treatment days are Tuesday and Friday 06:45am – 14:45pm
Dress Code	UoS or OU uniform, black shoes, no trainers. PPE will be provided
Induction/Orientation programme	Local induction delivered by clinical team / supervisor
Staff / rest room facilities	Staffroom, microwave. Tea and coffee, water available. Canteen available in main hospital
Expectations during placement	To be compassionate and non judgemental towards our service users, and promote a positive and professional attitude. We would like everyone to come into the clinic with an open mind and be prepared to learn. A strict understanding of confidentiality is critical. We would expect all students to be able to discuss their learning needs with their supervisor / assessor to develop their knowledge and understanding.
