## LEARNING OPPORTUNITIES & RESOURCES

Recommended reading/Websites	Will depend on Specialist area i.e. Orthopaedics, Acute, Rehabilitation, Community, Musculoskeletal and Paediatrics. Students are encouraged to contact their practice educator prior to placement for more information.
Common Abbreviations	Abbreviations list can be found on Physiotherapy K drive for each specialist area, Students will be made aware of this on initial contact.
Specific learning opportunities	Will be dependent on the clinical area, these will be discussed with the student at initial contact; but can include observing surgery, spending time with specialist nurses etc.
Specific areas of expertise/clinical skills	Clinical specialities include Respiratory, Neurology, Stroke, Cardiology, Elderly Care, Learning Difficulties, Adult Rehabilitation (Inpatient and Community) Orthopaedics, Paediatrics, Musculoskeletal Outpatients (spinal and peripheral)
Common Assessments / Interventions/Care pathways	Wide range of assessments, outcome measures, treatments used across all caseloads/ specialities, students will have time to review these whilst on placement.
Models of practice experience e.g Hub and Spoke, Care pathways, Patient Journeys	Students are encouraged to spend time with the MDT to better understand how different roles impact patient care.

## MULTIAGENCY LEARNING OPPORTUNITIES / RESOURCES

Multi-professional learners accessing the environment	A wide range of Students from other professions are always within the Trust, it is up to each student to take the opportunity to network and build the multi-discipline learning group around themselves.
Professionals working in the environment	All of our clinicians work within a multi-discipline model. Utilising the skills and support of other disciplines to ensure the optimal outcome with the people of the Isle of Wight.
Opportunities to meet EU directives (Nursing)	General and specialist medicine, general and specialist surgery, childcare and paediatrics, maternity care, mental health and psychiatry, care of the old and geriatric, home nursing
