			University of Winchester, University of Cumbria		
Learning Environment Mission Statement			We are a multi-Disciplianry team of Theatre Practitioners &		
		support workers whose approach to care is individualised			
			and holistic, promoting each patients right to privacy, dignity		
			and confidentiality at all times. We work as a team and		
			endeavour to uphold high standards of evidence based		
				practice at all times, in accordance with the professional	
			codes of conduct fro	om the NMC a	and HCPC. We recognise that
			education and lifelo	ng learning h	as an underpinning role in
			providing high stand	lards and bes	t practice, and we aim to
			share, support and e	encourage lea	rning in a multiprofessional
			team, sharing time a	nd resources	through teaching and
			mentoring.		

LEARNING ENVIRONMENT PROFILE

General Information	Theatres page on sharepoint <u>Theatres - Introduction (sharepoint.com)</u>
Description of Service and Client Group	6 theatres (4 Main, 2 Day Surgery) plus maternity theatre and eye care centre, across two departments within the same building providing elective and emergency general abdominal, head and neck, breast, urology, gynaecological, orthopaedics (inc. trauma), ENT, maxillofacial and ophthalmology surgery under general and local anaesthesia, for adults and paediatric patients (limited provision). Post-Anaesthetic Care Unit (PACU) in main and Day surgery units. Elective and emergency obstetric surgery and procedures. Adult & Paediatric emergency care and resuscitation as required.
Description of related services & Client group	PAAU (Pre-Admissions & Assessment Unit), Endoscopy, ICU (Intensive Care), HSDU (Hospital Sterilisation and Disinfection Unit), Children's Ward, Emergency Department & Diagnostic Imaging. Patients with complex care needs, learning disabilities, cognitive disorders, all relatives and carers. Local prison population also frequently access services. Maternity theatres.
